

Dates have been scheduled to allow the burning of yard waste due to Hurricane Irma. The dates will be **Saturday 9/16/2017, Saturday 9/23/2017 and Saturday 9/30/2017.**

Please be advised the rules of the Town's burning ordinance still apply:

- Burning of yard waste is for one and two family dwellings for debris originating on-site.
- No burning of yard waste on commercial properties is permitted.
- No burning of construction debris or household goods/trash. Citations will be issued.
- Your permit must be registered each day by calling **843-682-5125.**
- The burn line is updated each day. Burning will only be allowed if the weather permits.
- Burning of yard waste is only permitted from Sunrise to Sunset.
- Debris piled in public right-of-way cannot be burned.
- Responsible persons must be on-site at all times with an extinguishing method.
- The pile size of 3 foot in diameter and 2 foot in height must be maintained, and the 25 foot distance away from structures must be maintained.
- Fires must be extinguished at sunset.
- All rules will be enforced.
- The fire department will be inspecting the burns.
- Upon request, the fire department will inspect an area to help the property owner comply with the rules prior to conducting burning.

The Town & County will not be providing curbside pickup of Hurricane Irma storm debris.

Beaufort County is opening two Debris Management Sites to accept Class 1 and 2 debris, as well as white goods debris:

- Pinckney Point - 651 Pinckney Colony Road in Bluffton
- Ihly Farms - 66 Ihly Farm Road in Beaufort

Thank you,

Joheida
