

Neighbors -

Thank you for your strong and immediate response to our earlier communications! So far we have found several Forest Beach volunteers who are staying on the island and willing to help us with storm updates and reports. If you are also staying behind and would like to help your neighbors with updates and reports, please contact us.

Considering the overwhelming number of responses we have received, we have reviewed the most effective way to disseminate timely information and determined that will be through our Forest Beach Facebook page. Please follow the link below and join us:

<https://www.facebook.com/Forest-Beach-Association-FBA-132805413864161/>

Whatever updates, videos, and reports we get we will post on our Forest Beach Facebook page.

Thank you!

Jack Daly,  
President,  
Forest Beach Owners' Association, Inc.
